Mirror Mirror On The Wall

Gen 1:26-27 And God said, **Let us make man in our image, after our likeness**: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. Gen 1:27 So **God created man in his own image**, in the image of God created he him; male and female created he them. And the LORD **God formed man of the dust of the ground**, and breathed into his nostrils the breath of life; and man became a living soul.

Gen 3:22 And the LORD God said, Behold, **the man is become as one of us**, to know good and evil: and now, lest he put forth his hand, and take also of the tree of life, and eat, and **live for ever**:

Gen 3:5 For God doth know that in the day ye eat thereof, then your eyes shall be opened, and **ye shall be as gods**, knowing good and evil.

God has created humankind in His image and likeness and formed humankind from the dust to become as God; created as a god and live forever or eternity by way of the created spirit-soul and formed flesh.

To understand how to envision your eternity outside of time would be like looking into two mirrors (paralleled or angled) that reflect each other and so your image is projected back creating a series of smaller and smaller reflections that appear to recede to infinity.

Your infinite number of lives are no more than looking into reflections of a mirror to see your infinite lives or thoughts, not in time.

Two thoughts can describe what is seen in the picture. Each mirror being a real life without current awareness, still in the present. The person that is in the picture is seen in the following mirrors to be thoughts from consciousness but not pursued and implemented by way of the 5 senses that actually produces a reality.These images can be likened to all your eternal lives-thoughts. These lives or thoughts that come from your soul-mind and are present in your eternal life. Since there is no time in the spiritual world, your "present," is your current awareness in your eternal life.

Time is a construct in this world. Time in the spiritual world is measured by changes of state by one's interior or created spirit.

A soul's eternity is in an ever present state, with the awareness of living one life in the present now.

Since time does not exist in the spirit world, time is comprehended as a sense of succession.

The lack of "succession" is idleness belonging only to the world. Idleness from the Greek is defined as being inactive, lazy, useless.

Pro 19:15 Slothfulness casteth into a deep sleep; and an idle soul shall suffer hunger.

Humankind "creates" a thought and/or a mental image in our mind. The thought, application, or manifesting by way of the 5 senses, becomes an individuals "reality." (Facilities having relationship to understanding and the will). Your thoughts should come from your spirit-soul, the

truth. When the brain-mind is the working from the flesh and not the spirit, where is the truth if the thought is not followed through from the spirit and not the flesh?

Thought is energy, and since ***energy can not be destroyed but can be reshaped and/or reconstructed****, each "reflection" can be a way of understanding your lives through eternity from a present perspective from the flesh. Thoughts from consciousness manifested or not, creates the possibilities for experiences.*
Succession or idleness, growth or complacency, life or death? This is assuming that a soul is in the love of life with understanding and the elimination of repetitive evils.
